GRADE 1 VISIT THE GOULD LEAGUE

Grade 1 students had an awesome excursion last Wednesday. We enjoyed exploring, investigating and learning all about mini beasts! We all became mini scientists and learnt how important mini beasts are to our world. We loved the mini beast hunt, the shrinking machine, observing live worms and learning how composting can help our environment.

Grade 2 Incursion

This week the grade 2 students participated in the Taskworks incursion. They explored the physical sciences of push and pull forces through hands-on activities such as the anti-gravity chair, the friction spin board and magnetic iron fillings. There were plenty of ‘ahhs’ and ‘oohs’ for this Science filled afternoon.

Be sure to ask your child about Bob the robot.

GRADE FOUR - SACRED SITES POSTERS

THE GRADE 4S HAVE BEEN EXPLORING THE SACRED SITES OF THE FIRST NATIONS IN AUSTRALIA. WE'VE BEEN RESEARCHING TO LEARN AND UNDERSTAND MORE ABOUT OUR HISTORY, AND SHARING INFORMATION IN THE POSTERS WE HAVE MADE AND PRESENTED.
WE LEARNT ABOUT THE SIGNIFICANCE OF THESE SITES, AND FOUND OUT THAT SOME SITES HAVE STOPPED TOURIST ACTIVITIES AND SOME HAVE RESTRICTED TIMES FOR TOURISTS TO VISIT. THIS IS OUR BID TO ACKNOWLEDGE AND RESPECT DIFFERENT CULTURES, ESPECIALLY THOSE OF OUR FIRST NATIONS.

SUPER SIXERS SUPER NEWS!

Last Friday, many of our Year 6 students tried out for the school Cross Country team. In slightly damp and cold conditions, our students showed great persistence to brave the weather and try their very best to complete as many laps of our school Cross Country course as possible. Well done to all who tried out, and congratulations to those students who have qualified for the District Cross Country! We are sure you will do our school proud and try your very best!

What has been happening...

Sense of Belonging

We have been busy over the last couple of weeks. Our numbers have risen quickly with some nights 38 children in attendance. This has not occurred for a long time. The children have been confident and involved learners through various manipulative play experiences that have enhanced their fine motor skills. These have consisted of painting, playdough, kinetic sand, LEGO, and lots of drawing activities.

Both large group play, and small group play has been evident.

Lots of laughter and fun has been evident with investigation and discovery taking place at various play spaces that have been set up for the children to engage in.

Quality Area Reflection

Quality Area 3

Providing a safe environment is important for the children to gain a sense of security. Therefore, we conduct regular headcounts every 1/2 an hour to ensure that we know where your children are always.

Doing these regular head counts also allows the children to feel safe at OSH Club and ensures that educators know your child's movements and where they are. Both indoors and outdoors.
